

serge.serialize.Serializable

serge.common.EventAware

serge.common.Loggable

serge.render.Renderer

```
graph LR; A[serge.serialize.Serializable] --> D[serge.render.Renderer]; B[serge.common.EventAware] --> D; C[serge.common.Loggable] --> D;
```

The diagram illustrates a dependency or inheritance relationship. On the left, three rectangular boxes are stacked vertically, each containing a class name. Arrows originate from the right side of each of these three boxes and point towards a single rectangular box on the right, which also contains a class name. The arrows from the top and bottom boxes are diagonal, while the arrow from the middle box is horizontal.
